GRI 2-3	Reporting periods, frequency, and contact	Sustainability and Citizenship Report is published annually and contains information from the previous year. Additionally, Palomar reports financial results each quarter on a calendar year basis.
GRI 2-5	External assurance	The data in this report has not been externally verified.
GRI 2-6	Activities, value chain, and other business relationships	Palomar provides personal and commercial specialty insurance products in their target markets. With the goal of giving customers better options, Palomar designed an analytical framework to create flexible products with innovative coverages and pricing that they believe better reflect the underlying risk.Using this framework, Palomar initially introduced residential and commercial earthquake products in 2014, and have subsequently expanded their product portfolio to cover multiple specialty risks in several regions of the United States. Palomar has grown their business by entering markets that demonstrated one or more of the following attributes: (i) have loss characteristics, including limited attritional losses, similar to their initial earthquake product, (ii) can benefit from Palomar's technology platform, data analytics, and customer-centric products, and/or (iii) allow them to leverage their existing underwriting talent, reinsurance expertise, and/or distribution relationships. Primary insurance products include Residential and Commercial Earthquake, Fronting, and Inland Marine. Palomar aims to develop a diversified portfolio with exposure spread across geographic regions with limited correlation. Although their largest exposure remains in the state of California, Palomar has expanded across the United States. They tailor their risk participation to optimize their returns depending on the conditions of specific markets. Palomar markets and distributes their products through a multi-channel, open architecture distribution model which includes retail agents, wholesale brokers, program administrators, and carrier partnerships. They have well-defined underwriting criteria and have designed their distribution model to access their targeted risks through what they believe to be the most efficient channels.
GRI 2-7	Employees	EEO-1 Report 257 total team members.

General Disclosures		
GRI 2-8	Workers who are not employees	Although Palomar receives services from workers employed by third-party vendors and/or service providers, none of those services are rendered by workers who meet the definition of “other workers” provided in the guidance associated with the Standard.
GRI 2-9	Governance structure and composition	<p>Board of Directors</p> <p>Palomar currently has a classified Board. Following Palomar's 2022 Annual Meeting of Stockholders, Palomar amended and restated its Certificate of Incorporation to declassify the Board beginning with the 2027 Annual Meeting of Stockholders. This change provides for the annual election of all directors phased in over a three-year period. With this change to Palomar's Certificate of Incorporation:</p> <ul style="list-style-type: none">• The nominees elected at the 2027 Annual Meeting (and at each subsequent Annual Meeting) will be elected for one-year terms.• Beginning with the 2028 Annual Meeting of Stockholders, a majority of the directors will be elected annually.• Following the 2029 Annual Meeting of Stockholders, the entire Board will be elected annually.
GRI 2-10	Nomination and selection of the highest governance body	<p>The Nominating and Corporate Governance Committee shall identify individuals qualified to become members of the Board in a manner consistent with the criteria approved by the Board, and recommend to the Board the director nominees for the next annual meeting of shareholders or to fill vacancies on the Board (Nominating and Corporate Governance Committee Charter).</p> <p>The Nominating and Corporate Governance Committee uses the following procedures to identify and evaluate any individual recommended or offered for nomination to the Board:</p> <ul style="list-style-type: none">• The Nominating and Corporate Governance Committee will consider candidates recommended by stockholders in the same manner as candidates recommended to the Nominating and Corporate Governance Committee from other sources. <p>Shareholders may propose director candidates for consideration by our Nominating and Corporate Governance Committee. Any such recommendations should include the nominee’s name and qualifications for membership on our Board and should be directed to our Secretary at the address set forth above. For additional information regarding stockholder recommendations for director candidates, see “Board of Directors and Corporate Governance – Stockholder Recommendations for Nominations to the Board.”</p> <p>In addition, our bylaws permit stockholders to nominate directors for election at an Annual Meeting of stockholders. To nominate a director, the stockholder must provide the information required by our bylaws. In addition, the stockholder must give timely notice to our Secretary in accordance with our bylaws, which, in general, require that the notice be received by our Secretary within the time period described above under “Stockholder Proposals” for stockholder proposals that are not intended to be included in a proxy statement (pg. 74).</p>
